CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The college, being affiliated to Kurukshetra University, Kurukshetra follows the curriculum designed by the university. However, the teachers review the curriculum regularly and give their inputs directly as a member of Board of Studies (BoS) of University or indirectly, to the teachers of University or other institutions who are member of Board of Studies (BoS) so that whenever the curriculum is revised by the University, their suggestions may be incorporated. Further, the academic calendar is also published by the University which includes date of commencement of classes, semester break, end semester examinations etc. The college also prepares academic calendar for the college which includes date of internal examinations and proposed activities schedule in addition to the schedule given by the University in its academic calendar. The academic calendar is published on college website in the beginning of the new session. Departments are asked to give their workload prior to the beginning of new academic session for preparing the time table of

the college before the commencement of the classes. Further, the teaching plan is devised within each department in which teachers are allotted papers according to their area of expertise. Also, the Heads of Departments conduct the meetings to plan the activities of the department and to review the completed syllabus. For the effective implementation of the curriculum, conventional teaching methodology is blended with new teaching tools like PPTs and multimedia tools, mainly in subjects where visuals are very effective like Zoology, Botany, Chemistry, Computer Science etc. Study materials, notes and question banks are provided to students in the class. Seminar and project work are given to students to give them practical training. Subject societies and clubs are active throughout the year and organize various activities like extension lectures, quizzes, fests and excursions to enhance subject knowledge of the students. The achievements of objectives of the syllabus are measured through students' performance in Internal tests, group discussions, presentations and University examinations. New books are added to the library every year. E-journals and magazines are available in the library for students. Also, Departmental library is maintained by some departments to facilitate the students to access to latest books available in concerned subjects and topics. The college has well equipped class rooms and laboratories. Fully equipped Language Labs have been developed to improve communication skills of the students. The college infrastructure and facilities are continuously being upgraded to suit the needs of curriculum and pedagogy. Due to lockdown from March 2020 in the wake of CORONA pandemic, entire teaching was shifted to online platform. Teachers prepared e-content for the students in the form of pdfs, ppts, audios and videos. The material was shared with them through College ERP and whatsapp groups and Google sites. Also, live classes and doubt sessions were taken through Google meet and Zoom.

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	No
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>The feedback collection and analyzation approach along with other forms of quality improvement go hand in hand with the development of a culture of continuous quality improvement in the college. Students are considered as the main component of any educational institution. Providing a comfortable and nurturing environment to students is clearly desirable. Not only does it improve performance, it also promotes students' mental health and stability, which are conducive to both short-term learning goals and long-term character building and social inclusion. The success of any higher educational institution depends on its students' satisfaction. In other words, the strength and weakness of a higher educational institution can be measured by the students' satisfaction. To have an idea of students' perceptions about the learning and teaching, the learning support facilities (such as, libraries, computing facilities), the learning environment, (class rooms, laboratories, social space and college buildings) etc., IQAC developed a questionnaire which was filled by outgoing students of the college in the month of April. Also, the college encouraged the students to give their feedback freely about any matter related to the college at any time during the year. This is done by placing suggestion box in the vicinity of Principal's office. Any suggestion/complaint given by any student of the college is discussed on day to day basis and necessary steps are taken. The suggestion received with action taken report is displayed on college notice board. This inspires more students to raise their</p>

genuine concerns and this helps the college to improve the performance and strengthen the quality of education. Further, feedback of parents regarding admission process, approachability of teaching and non-teaching staff and overall personality development of their ward is also collected through questionnaire. Feedback of teachers about the infrastructure and academics is taken informally by the Principal during staff meetings. The institution believes that the contribution of alumni is essential in the development of the institution. Our college maintains a strong and healthy association with the alumni. Informal alumni feedback is collected during the Annual Convocation of the college. The feedback received by various stakeholders is discussed in meetings of IQAC and based on the feedback received, recommendations are made by IQAC for improvisation of academic facilities, physical facilities and support facilities of the college.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Mentoring sessions are conducted by the mentors in which students discuss specific doubts regarding the course work and also discuss other problems, not strictly related to the college. Students are divided in batches of 30 each, with one mentor or tutor assigned to each group in order to ensure candid interaction on a personal

level. The mentors also monitor the performance of students and assist or counsel them in the best possible manner. They also take corrective steps where ever required. Remedial means like extra classes or counselling sessions are also organized to cater to holistic development of the students and to encourage, motivate, inspire them to participate in curricular activities as well as games sports. In addition, field visits to industries, government bodies and other universities are also organized to give them real life exposure of the Industrial work culture.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college introduces the evaluation system to check the teaching learning process. When the academic year commences, all students are informed about the evaluation process for their clear understanding. The college being affiliated to the KUK follows the process specified by the University. The university has introduced internal evaluation system for all the colleges. The marks are forwarded to the University after conducting internal evaluation. The Internal evaluation of the students is done on the basis of attendance and the marks secured by them in assignments and sessionals. Independent learning is enhanced by organizing various co-curricular activities. The quality of teaching learning process is being monitored by the IQAC on regular basis by evaluating the performance of each faculty through head of department and faculty in-charge. The university examination results are critically analyzed by the Heads of Department and discussed widely for the improvement of both teachers and

students. The college has also introduced self-appraisal report to be filled by each teacher on an annual basis. This helps the faculty to realize their academic stand. The college focuses on the development of the personality and the soft skills of the students. For this purpose, they attend language lab on regular basis. At the end of the session an English proficiency test is conducted and they are provided with certificates.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

College has adopted streamlined Academic Calendar. The sole purpose of incorporating academic calendar is to improve the teaching-learning qualities, to finish the assigned task within deadlines and instill among teachers and students about the importance of professional standard. In accordance with UGC guidelines, the College adopted a semester system of teaching in 2011 - preparing a combined Academic calendar for the two semesters July-December and Jan-April. Classes are scheduled six days a week from Monday to Saturday from 8:30 a.m. to 4:00 p.m. Additional lectures and co-curricular activities are scheduled accordingly. A centralized academic calendar is then prepared listing important dates (including admission, semester examination, and session commencement and closing dates), holidays, and other events for convenience of the students, faculty and other staff members. This calendar is then displayed well in advance on the college website and is also printed in the prospectus.

The policy of the college with regard to maintenance of the campus infrastructure is to upgrade and modernize the infrastructure, to provide latest gadgets and technology to the end users. Policy of the college also emphasizes to explore and innovate on regular basis and consider the needs of the last student in the row especially differently able student and staff, if any. The procedure is a well-defined road map to guide the different stakeholders involved in the maintenance and up gradation of the campus. Different committees have been formed to make the judicious decisions after discussions and deliberations in the interest of the college and students, while strictly adhering to the policy of the college. Important committees working in the college are Library Committee, Purchase Committee, Construction Committee, Campus Maintenance Committee and Disposal Committee. The development and augmentation of infrastructure is an ongoing process keeping in view the needs for up gradation and addition in consonance with the changes in technology and needs of the system. Purchase Committee ensures and procures all the requirements as per the laid down procedure in consonance with government code of purchases. At the end of the academic session, Heads of the Department submit their respective requirements for the next academic year to the Principal of the college, who after due consideration forward the requirements to the Purchase Committee for the procurement after following the laid down procedure i.e. inviting quotations, preparation of comparative charts and

placing order in a very transparent system which satisfy the internal and external auditors. A Library Committee consisting of Principal, Librarian, and Senior Faculty members is in place. For the enrichment, renovation and augmentation of the Library, the Committee holds regular meetings and takes all the decisions after deliberations and discussions. To make the library user friendly, it has been computerized, books have been bar-coded, and security cameras have been installed. Feedback of the students is also collected through the college Suggestion Box for updating the contents and services as per the need of the students. Construction Committee takes care of the decisions with regard to renovation or/and addition in the buildings. Committee refers the requirements to the governing body and gets the approval for the same. In case the capital expenditure is out of Government Grant the contract is given to the designated Govt. construction agency otherwise management engage engineers, architect and construction agency after following a transparent and judicious procedure in the interest of the college. Campus maintenance committee consisting of faculty members and non-teaching support staff ensures beautification and upkeep of the campus including teaching blocks, play grounds, administrative block, student support facilities etc. including STP, rain water harvesting system, power generation sets and plantation in the college. The responsibility to renew the Annual Maintenance Contract of Computers/AC's/water filters /pest control/S.T.P etc. is delegated to a sub-committee in the college. The governing body of the college regularly reviews the procedures followed by different committees of the college to ensure these to be effective and efficient.

Since then, Blood Donation Mela is organized every year to celebrate this auspicious day. **THE PRACTICE:** The Blood Donation Mela became the beginning of a sacred movement of Mukand Lal Institutions to save thousands and thousands of lives. The institute aims at ensuring easy accessibility and adequate supply of safe and quality blood collected from voluntary blood donors to those in need. The students and the staff are committed for blood donation during emergency requirement. The whole Mela is passionately and enthusiastically managed by the volunteers of NSS units and other cells of college under the able guidance of worthy teachers. The college acknowledges the services of donors by felicitating them with appreciation certificate and a souvenir as a token of gratitude for their consistent commitment towards the cause. A nutritious and nourishing refreshment is provided to the donors as well as volunteers. Students of various clubs, cells and societies of the college gather at the entrance of the college holding beautifully decorated placards and slogans and infuse spirit of selfless service to humanity and festivity in the whole region. **EVIDENCE OF SUCCESS:** On this pious day during 2019-20, doctors from PGI, Chandigarh and District Red Cross Society, Yamuna Nagar collected 419 units of blood. This movement has produced star donors and motivators who have donated blood more than hundred times at various occasions. Some of the Mukandians now have three generations of blood donors donating in continuity. Our alumni wait for this day and enthusiastically participate by coming from faraway places to donate blood with their family members. For them, it is a reunion day where they meet and rejoice donating blood as their families participate with fervor and festivity. The contribution of the college in the blood donation movement has been recognized and acknowledged by the governor of the state of Haryana. Philanthropy, compassion and selfless service to humanity is the motto of Mukand Lal Institutions of Knowledge and Services and this is completely reflected in the overwhelming success of this Mela in the college over the years. **PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED:** No financial/resources problem is faced by the college in the planning, preparation and execution of the Blood Donation Mela. In the year 2019-20, an amount of Rs. 1,69,140/- was spent in the organization of Blood Donation Mela.

2. **TITLE OF THE PRACTICE: PLACEMENTS** **OBJECTIVE OF THE PRACTICE:** To make the student self-reliant and financially independent and to cope up with the requirements of the corporate sector. **THE CONTEXT:** The mission of the college is to support the learning environment and to promote student success through graduation and beyond. The Career Counseling and Placement Cell is constantly engaged in grooming the students for getting jobs in the market. **THE PRACTICE:** Our college has been a pioneer in the vision of getting jobs for every student and making him self-reliant i.e. a distinctive and dynamic citizen and working tirelessly to attain glorious heights for himself and become the brand ambassador of the college, a Mukandian. The college is inclined to impart quality and professional education

to its students through its various courses and training programs. Our Career Counselling and Placement Cell is constantly engaged in grooming the employability skills of students by organizing various activities like extension lectures and mock interviews. In addition, language labs develop to train students in soft skills. Further, to enhance the employability skills among the students, the college collaborated with LEAP Skills Academy. EVIDENCE OF SUCCESS: Various renowned companies such as Wipro, Deloitte, IBM, TCS, WIPRO, Concentric, British telecom, Genpact, Tech Mahindra etc visit the campus regularly and 251 students were offered placement in the companies in 2019-20. PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED: The colleges located in NCR always enjoy leverage. Officials of MNCs carry presumption for the colleges located in tier 2 cities. Secondly, for engaging outside agencies to bridge the skill gaps among the students requires more financial resources.
