- Extra classes were organized as needed to ensure timely completion of the syllabus.
- PG students in their final year were provided with student seminars as part of the curriculum.
- To address certain challenges, the college is taking the following steps:
 - Developing more ICT equipped classrooms for the students.
 - Assigning mentors and conducting mentoring sessions.
 - Faculty members prepared recorded video lectures to aid learning.
 - Utilizing Google workspace for education to conduct online classes, combining ICT tools and pedagogies.
 - Transitioning all activities to online platforms in response to prevailing conditions.
